BURCU SAHIN
COMPUTER ENGINEERING

Date of birthday: 02/01/2000 **Phone number:** +90 533 287 0226

Email adress : mkalantar01@gmail.com **LinkedIn:** www.linkedin.com/in/burcu-k-253219107

Education

Lokman Hekım High School

Iskenderun Technical University
Computer engineering

2018 - 2024

SKILLS

- Adobe Photoshop
- HTML-CSS
- C# - SQL - JavaFx
- LabelImg
- Capcut - Canva

Languages

- English *B1*
- German *basic - continues*

Certificate

- YDS ACADEMY ENGLISH COURSE
  B1 CERTIFICATE

- ROOM OF COMPUTER ENGINEERS
  IZMIR BMO SUMMER CAMP CERTIFICATE

About me

I graduated from Iskenderun Technical University, Department of Computer Engineering. I have been trying to work on Adobe Photoshop, Illustrator and After Effects for 1-2 years. I have a week's experience as a video editor. My graduation project is about image processing.

WORK EXPERIENCE
INTERN

Teknokent - Turkey/Adana - 07.2019-08.2019

- A simple automation program by doing a voluntary internship on C# and Sql I developed.

Intern

Teknokent - Turkey/ Adana - 07.2022-08.2022

- I became interested in Adobe After Effect, concentrated on the program, and learned how to prepare short videos, edit, make presentations, and make short promotional films.

Projects

Automation - 2022
For garden irrigation systems, it can irrigate at the time it is set, with a timer and customer admin panel. I made a C# project that pulls simple data.

Automation - 2023
I automated car rental using Eclipse with JavaFx.

Image processing – 2024
I took 10 5-minute videos shot from 100 meters above, divided the videos into photos with a short code in Python, tagged them with LABELIMG, and developed a project that recognizes cars and people.
